*"Where the mind is without fear and the head is held high,
Where knowledge is free...
Where tireless striving stretches its arms towards perfection,
into that heaven of freedom my father let my country awake"*

For all of us at Govind Vidyalaya, the above excerpt from Tagore's Gitanjali is very much pertinent as we all wish to groom our children into creative and innovative nation builders.

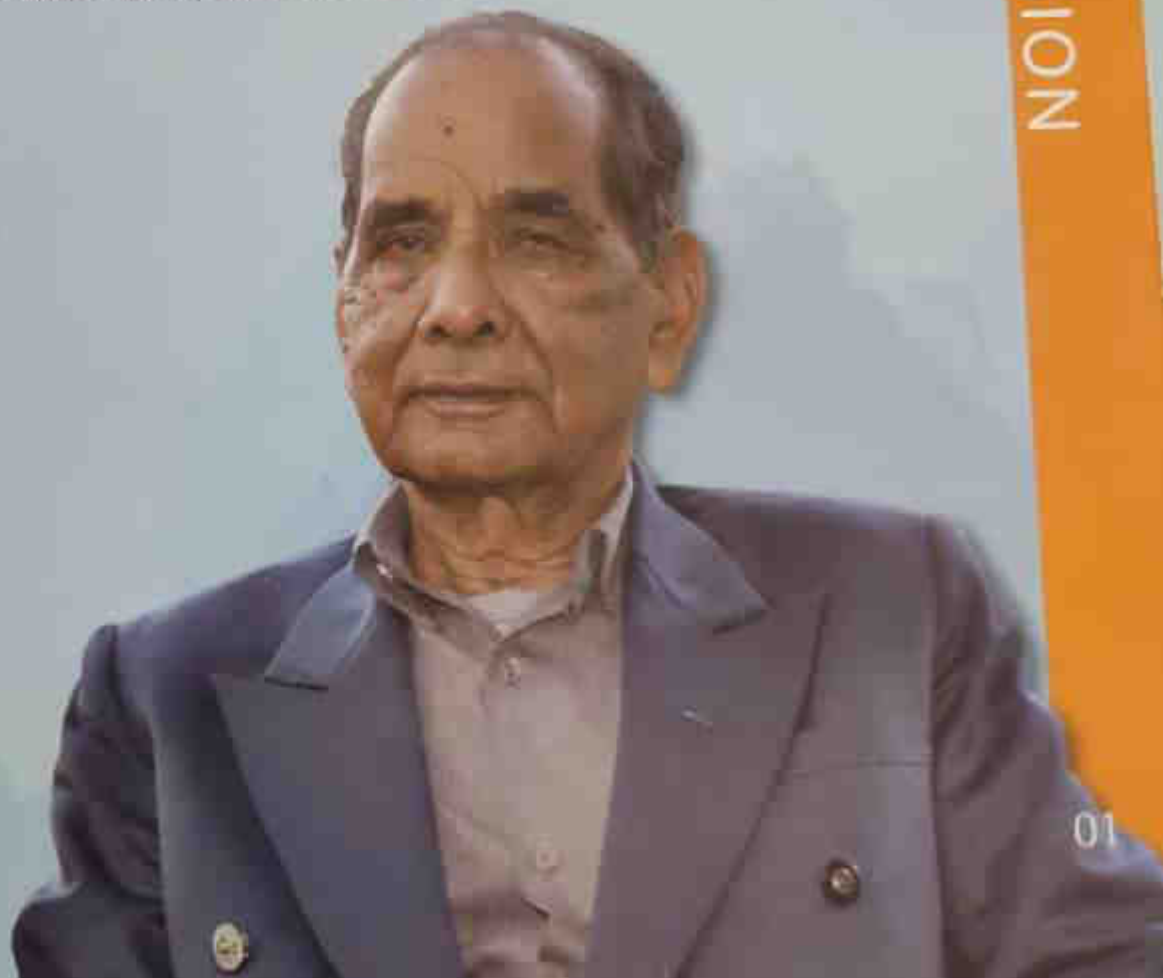

*Govind Vidyalaya is best known for its welcoming family atmosphere where everyone is invited with a feeling of **"VASUDHAIVA KUTUMBAKAM"**.*

We all are striving hard to provide the perfect environment to all our children, so that they can develop themselves in the righteous manner.

*Hence, in order to provide the best to our nation and to cope up with the needs of the 21st century, we extend a warm welcome to all of you for your cooperation as **TOGETHER, WE CAN MAKE A DIFFERENCE.***

Regards,

Brahma Dutta Sharma
Managing Director

OUR VISION

To groom creative, disciplined and versatile talents as leaders of tomorrow.

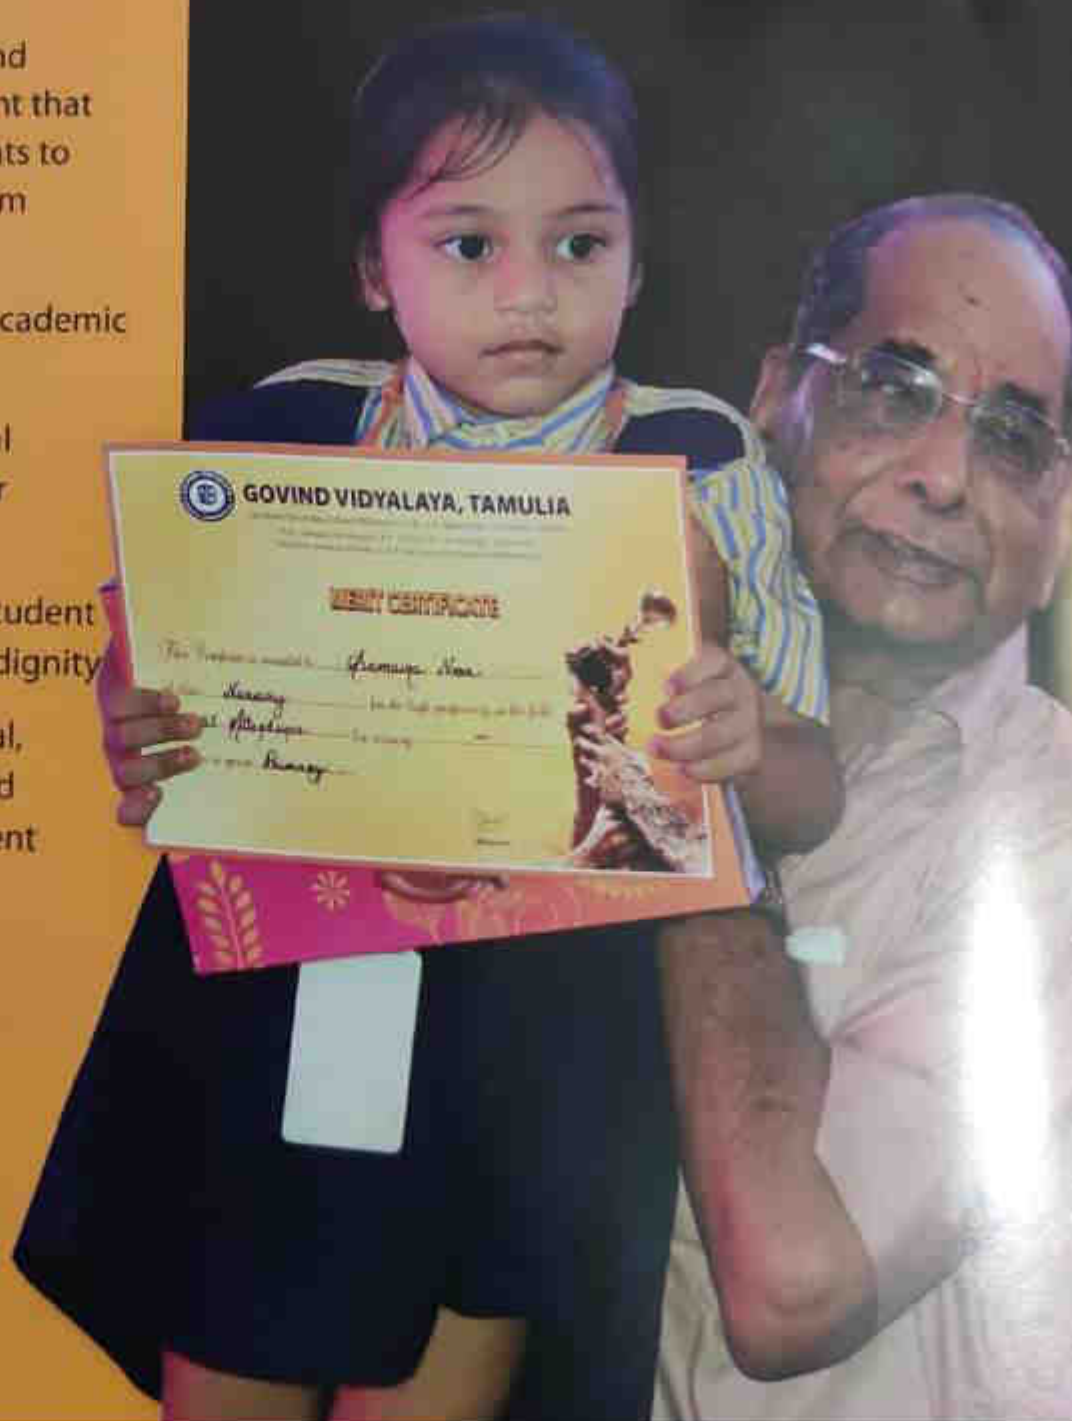

OUR MISSION

- To focus on quality
- To provide a caring and nurturing environment that encourages all students to achieve their maximum potential
- To ensure a rigorous academic program
- To promote communal harmony and a secular approach
- To inculcate in every student the respect of human dignity
- To emphasize the social, emotional, physical and intellectual development of each child

OUR MOTTO

VidYa dadAti vinayaM

This signifies that
KNOWLEDGE LEADS TO
HAPPINESS.

We can not undermine the role of comprehensive education that leads to the development of a well rounded personality and this is what we aspire for academic, physical, intellectual, cultural, ethical and spiritual growth of the child. We have formulated our academic programs on the bedrock of the belief that a sound learning process is essentially a six – level hierarchy, where knowledge occupies the lowest rung of cognition. Hence following objectives of educational system are followed at our Vidyalaya :

- Acquisition of tools of formal learning namely literacy, numeric, and manual skills.
- Acquisition of knowledge through observation, study and experimentation in areas of social and natural sciences.

- Development of physical strength and team spirit through games and sports
- Acquisition of skills for planning and executing socially useful productive work with a view of making education work based.
- Acquisition of skill of purposeful observation.
- Acquisition of habits of co-operative behavior within the family, school and community.
- Development of aesthetic perception and creativity through participation in artistic activities and observation of nature.
- Development of social responsibility by inculcating habits (individually as well as collectively) of appreciation of the culture and life styles of persons of other religions, regions and countries, and readiness to serve the weaker and the deprived people.
- Development of the desire to participate in productive and other process of community life and to serve the community.

Syllabus and Curriculum

4. Children of Govt. officials : 10%
5. Children residing nearby : 53%
6. Management Quota : 15%

B. Age : 3+, Proof of Date of Birth issued by Panchayat / N.O.C / B.D.O / S.D.O / etc.

For Other Classes : For Std IX, X, XI, XII Students must bring the transfer certificate from their previous school(Affiliated to any Board).Admission can only be granted if there is any vacancy in the applied class.

Withdrawals

1. A clean calendar month's notice in writing or a month's fee in lieu of notice must be given before the pupil wants to take S. L. C.
2. Those who leave school in the month of May, must in all cases, pay the fee for the month of June too.
3. A Transfer Certificate(TC)will be issued on a written application of the Parents or Guardian along with a fee of Rs.100/-
4. The Transfer Certificate will be issued only after all the fees and other dues to the school are cleared.
5. A student can be asked to leave the school on the following grounds:-
 - a) Indiscipline, use of slang language.
 - b) Unsatisfactory progress in work.
 - c) Repeated detention in a class.

There are various systems that encapsulate the ideology of creativity and originality.

They are as follows :

The House System

The school is divided in various houses that depict the true Indian ethics. These houses have various competitions to foster a spirit of willingness, self esteem and self confidence. There is an investiture ceremony held at the beginning of every session to honour the school appointees.

The Mentor System

The school appoints academic mentors who are always there to see each individual's continuous development and

growth. They will also be a counselor, a guide to each individual student.

The prefectorial System

In each class and section there is a prefect who monitors the discipline of the class.

The Pedagogy System

Our academic faculty is chosen from amongst the best in the academic qualification with an impeccable academic record.

Parent Teacher's Conference

From time to time parents can have meeting with the coordinators, heads, and the principal to know about the child's performance and progress.

UNIQUE AMENITIES

School Building

Nestled in the picturesque landscape the building is a marvelous piece of architecture.

Classrooms

Well equipped, well lit, and spacious classrooms provides the learner with comfortable and homely ambience. A special place is provided outside in an open area near the garden along with all kindergarten classes for children loaded with toys and educational games to play with. It is also being utilized for group activities and play way method.

Laboratories

The specially designed laboratories serve additional knowledge for making learning visible.

Computer Lab.

We have Well-designed modern computer lab for kids and younger children, run by well-educated and qualified faculty, with one-on-one access, which means there is one computer for each child. Pre-primary kids learn words & new terms through PowerPoint presentations and with innovative software.

There are 70 computers in our lab and having target to install 115 computers in a unitary lab in forthcoming session, which is one of the biggest computer lab among all the C.B.S.E Affiliated schools in Jamshedpur. We use our own LAN with latest server architecture for teaching-learning, practical and presentations process.

Library

Well enriched and well built up audio-visual library specially designed for the junior and senior classes. Its seating arrangement is one of its own kind where children love to sit, read, and access the books and periodicals.

Training & Development Centre

Learning never ends at any stage of life. The school works with this philosophy so we have several

successful facilitators in their own field and areas to conduct the in-house training and seminars to enrich and guide the teachers, parents and students.

The Smart Classes

A novel & practical method of learning subjects through latest technology.

Art and Craft Room

Where children are exposed to create something new of their own.

Cultural Hall

Well designed and a spacious auditorium for all types of school functions.

Music, Dance and Drama Hall

A platform offered wherein they can speak & act boldly once their stage fear is wiped out.

Playground for girls and boys

Playground for Outdoor & Indoor sports to bring out the best talents in them. Indoor & Outdoor games such as cycling, Chess, Aerobics, Cricket, Volleyball, Wusho, Kick boxing, Basketball, Karate, Carom, Table Tennis, Badminton, Yoga etc. are taken care of by professional coaches.

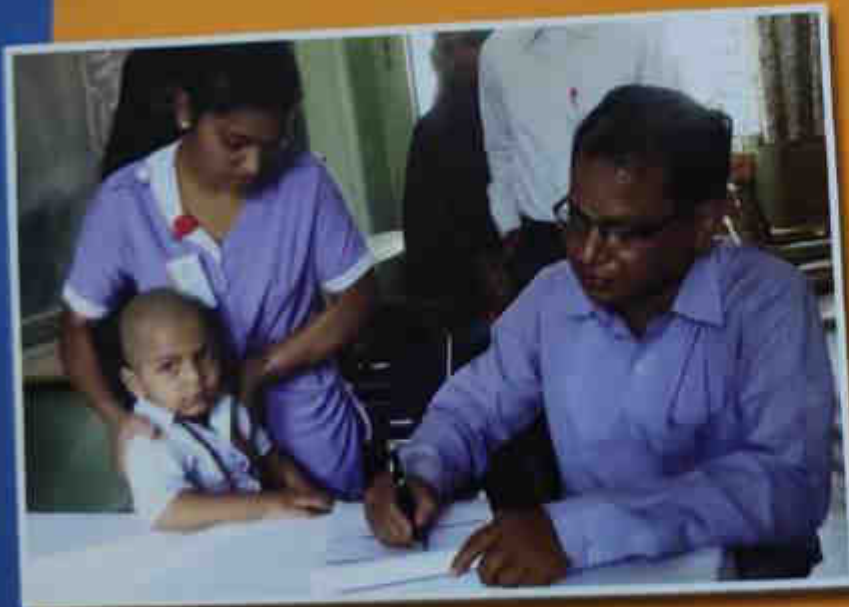

Fun Station

Fun Station for tiny tots of kindergarten. A paradise where tiny tots will not only play but simultaneously learn.

Medical and Health care Center

Health is wealth and this is very well focused in the medical and health care center. Here there is every facility that is required at the time of emergency and besides attending the emergency cases this center also conducts the complete medical and health check-up of the child twice a year.
